DirectX: Version 9.0

Network: Broadband Internet connection

Storage: 4 GB available space

Sound Card: Windows Supported Sound Card

Additional Notes: Broadband internet connection

English,French,Italian,German,Polish,Russian

You know that feel that underwater-type music and ambience gives? Yeah, this is that kind of thing if you're interested. Definitely a great Soundtrack, and very fitting for the feel of the game.. I don't know how to install this soundtrack. Need help Plz. \u042d\u0422\u041e \u0414\u0415 \u041c\u0423\u0423\u0417\u0417\u042b\u0410\u0410 \u0412 \u0418\u0413\u0413\u0420\u0415, \u042d\u0422\u0422\u041e \u0414\u0414 \u0414\u0415 \u0418\u0413\u0413\u0420\u042b. I bought it together with the anniversary edition in a sale, i always wanted this OST because the main theme is so atmospheric! Most of the music is from trailers though since the game itself doesn't have many tracks otherwise.... This soundtrack is creepy and that's why I like it. The creepiness and underwater like sounds just makes it so amazing and if you like hearing creepy music, then this is the soundtrack for you.

Great OST, perfectly fit for this game. Also good to have at hand if you can't Depth X'D
